• Artist

Jeong Kyungja (b.1974) graduated from the Department of Photography at Chung-Ang University (1999) and completed a master's course at its graduate school (2007). She completed another master's course in Contemporary Art at Edinburgh College of Art, The University of Edinburgh (2011). In 2008, she held his first solo exhibition after being selected for a young artist contest by Gallery Lux. In 《The Roots of Coincidence》, which was held after being awarded the Ilwoo Photography Award in 2014, she presented snapshots taken over 5 years. These works reflect the reality of the objects seen in her eyes, while decomposing them into her own time, extracting and abstracting them to give reality a symbolism. Through the exhibition 《Serene Days》 in 2021, she expresses the main concepts and elements of authentic photography by presenting the works that have contrasting concepts such as natural and artificial, outdoors and indoors.

• Explanation

A blue ball floats on the water. Jeong Kyungja captured the fleeting moment of the rippling waves and the ball. Her photos are honest. She walks on two feet, looks at everything in normal life all things, and puts them in a neat rectangular frame through a lens.
