• Artist

Lee Yunsung(b.1985) graduated from the Department of Western Painting at Chung-Ang University(2011). He currently lives and works in Seoul. In 2014, he held his first solo exhibition 《NU-TYPE》 at Makeup Art Space. In the exhibition, he creates his own unique painting style through <NU-TYPE>, by combining classic western painting with subculture images such as animation and games. Moreover, the <NU-FRAME> series contains the technique called the frame division used in comic books on a canvas. The exhibitions held at Doosan Gallery Seoul and New York in 2015 and 2016 showed an expanded his styles through new works using various types of canvases. Recently, through various materials and forms such as sculpture using 3D printing and NFT, he is widening his artistic world.

• Explanation

In ancient astronomy, the path of the sun on the celestial sphere was divided into 12 equal parts, and each constellation was named after the zodiac. Centered on the sun god Helios, characters that represent the different constellations of the zodiac are painted. *Gemini innerspace* is the 3rd constellation Gemini. Each painting was created using yellow and golden colors with the face as the main focus on various types of canvases.
